AYUSH YADAV

Risk, Portfolio Monitoring & Governance | FRM Part I (GARP) Cleared
Gurgaon, Haryana | +91-9306139403 | ayyadav374@gmail.com | linkedin.com/in/ayush-yadav-78b108258

PROFILE

Risk and finance analyst in an investment banking division, working across valuation, transaction diligence and portfolio monitoring for consumer and growth-stage businesses. Experienced in consolidating exposure across holdings into a single reporting view, reviewing related-party and promoter disclosures,, and maintaining the compliance documentation and MIS that multi-entity structures depend on. FRM Part I cleared (GARP, May 2026) with Part II in progress; FMVA and NISM Series XV certified. Seeking a risk, portfolio monitoring and governance role within an investment office or family office.

EDUCATION & QUALIFICATIONS

B.Tech, Computer Science & Engineering — NIT Kurukshetra **2022 – 2026**
CGPA: 8.2 / 10 | Coursework: Statistics, Probability, Data Structures, Database Systems, Optimisation

Financial Risk Manager (FRM) — Part I Cleared, GARP **May 2026**
Quantitative analysis, financial markets and products, valuation and risk models; Part II in progress

PROFESSIONAL EXPERIENCE

Financial Analyst — Investment Banking Division **Aug 2025 – Present**
BlueStock.in, Gurugram

- **Valuation and modelling:** built three-statement operating models, DCF, comparable-company and precedent-transaction analyses across 6+ live mandates, with a concentration in consumer, D2C and health & wellness businesses.
- **Transaction diligence:** conducted revenue-quality and working-capital reviews, related-party transaction analysis and promoter shareholding and pledge checks, preparing red-flag memoranda for senior review.
- **Portfolio and exposure monitoring:** maintained consolidated Excel and Power BI dashboards tracking position-level concentration, sector weights, leverage and valuation-multiple drift across a 20+ company watchlist, on a fixed monthly cycle.
- **Valuation insight:** identified a c.14% valuation gap on a target through peer-multiple normalisation and margin bridging, reframing the pricing discussion.
- **Risk analysis:** ran sensitivity and scenario testing on revenue, margin, working-capital and discount-rate drivers to quantify downside cases.
- **Reporting and documentation:** authored investment memoranda, information memoranda, pitch material and periodic MIS packs; maintained the supporting data room and audit trail for each mandate.

Finance Research Intern — Associate Programme **May 2024 – Sept 2024**
IIM Bangalore (Remote)

- **Equity research:** produced research notes and forecast models across a 20+ company coverage universe, covering revenue build, margin trajectory and return-ratio trends through the cycle.
- **Sector work:** constructed peer comparison sets and sector screens benchmarking growth, operating margin, leverage and ROCE, used to shortlist names for deeper review.
- **Valuation work:** built relative valuation sets on P/E, P/B and EV/EBITDA, benchmarking each name against its own historical range and its peer group before forming a view.
- **Management assessment:** reviewed chairman letters, promoter holding trends and related-party disclosures to test whether stated guidance matched delivery.
- **Data discipline:** standardised financial data from annual reports, exchange filings and earnings call transcripts into reusable comparison templates and screening models.

Finance Executive **May 2023 – Jul 2023**
A Digital Blogger, Mohali

- **Accounting and controls:** handled ledger reconciliations, vendor and receivable ageing analysis, and month-end MIS reporting for management review.
- **Compliance support:** maintained statutory and compliance documentation, tracked filing timelines and prepared the supporting schedules required for internal and statutory review.
- **Cash-flow tracking:** monitored daily inflows and outflows against budget, flagging variances and collection delays to management.
- **Process improvement:** rebuilt recurring reconciliation workbooks into standardised templates, cutting month-end preparation time.

ENTREPRENEURIAL EXPERIENCE
