AYUSH YADAV
Internal Auditor | Financial Services Risk & Compliance | FRM Part I Passed
Gurgaon | +91-9306139403 | ayyadav374@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

FRM Part I certified audit and risk professional with 2+ years of internal audit-equivalent experience in financial services. Executes comprehensive risk assessments, control testing, and compliance reviews across business and operational processes. Identifies process gaps, control weaknesses, and regulatory violations. Prepares detailed audit documentation, findings reports, and remediation tracking. Strong expertise in risk frameworks, regulatory compliance (RBI/SEBI), and financial services control environments.

PROFESSIONAL EXPERIENCE

Risk & Audit Analyst, Investment Banking Division BlueStock.in (Financial Services Advisory), Gurgaon	Aug 2025 – Present

• Risk Assessment & Control Testing: Conduct comprehensive risk assessments on 6+ financial services clients; test key controls across credit risk, liquidity management, operations, and regulatory compliance.

• Process Gap Identification: Identify process inefficiencies, control weaknesses, and non-compliance issues in financial reporting, fund management, and regulatory processes.

• Audit Documentation & Reporting: Prepare 15+ detailed audit memos, findings reports, and executive summaries documenting control gaps and remediation strategies.

• Remediation Tracking: Track closure of audit findings; coordinate with stakeholders on implementation of corrective actions and control improvements.

Audit & Governance Advisor, Safe Horizon — Risk & Audit Advisory Gurgaon	Jan 2026 – Present

• Internal Audit Framework Development: Designed audit readiness assessments and internal control frameworks for financial services SMEs; evaluated control design and compliance maturity.

• Regulatory Compliance Advisory: Advised on financial services regulatory requirements (RBI, SEBI) and internal policy compliance.

Financial Services Research Associate IIM Bangalore Associate Programme	Sep – Dec 2024

Analyzed 12+ financial services companies; evaluated control frameworks, regulatory compliance, risk governance, and internal audit effectiveness. Tracked compliance violations and control weaknesses.
